Hello everyone,

If you can forward this to David, I wasn't sure of his email address. I have my weekly report attached for you. I am away in Freeport tomorrow 3/6 through Sunday 3/9 for my advanced wilderness first aid course from 8am to 5pm. Jamie has before and after care covered but give me a call if you need anything. I wasn't sure exactly how you wanted me to handle the updates with her position, so I did a new hire form with an updated job description to account for increased hours, benefits, and new rate of pay. The paperwork is in the office for you to sign- Let me know if that covers it, or if you would like anything else for that.

Jason, Jake smith, and myself now have our CDL-B permits (I need to go back and do the airbrakes test one more time, just waiting on the test date) and Jamie is waiting on her initial test date still.

If you have some time that I can meet with you next Thursday, I just wanted to talk to you all about the truck purchase for my department and how best to go about that. I have been looking at a lot of used trucks in southern Maine and New Hampshire online.

Thanks,
Madison
