### Department Updates – see attached

#### From office hours

The board talked with the Fire Chief about updating the policy on reimbursement for training.

The board no longer needs to approve purchase orders requests at their weekly meetings since the Town Manager is now acting as Purchasing Agent and approves these requests daily.

A Junior Firefighter was hired.

David Salazar met with the Spectrum Rep to discuss services at municipal building and DPW.

The Town Manager provided the board with HR updates including a hiring update for the DPW mechanic position.

#### Announcements

The Town received a \$1779 dividend check from MMA Risk Management Services because of its good performance and loss prevention efforts.

The Fire Department wants residents to know that the fire risk is very high given the lack of rain.

Almost everything has been picked up by the bidders after last week's bids were awarded.

Jason Webster plans to meet with Blaise Whitney and the DPW Director to look at a new truck with under 80,000 miles, an aluminum body, and a dual axle plow wing.

**PRESS RELEASE  
For Immediate Release**

The Town of Limington is pleased to announce it has received a \$1,779 dividend check from the Maine Municipal Association because of its good performance and loss prevention efforts. The association manages three self-funded pools for municipal and quasi-public entities in Maine: The Workers Compensation Fund (established in 1978), The Property & Casualty Pool (formed in 1987), and The Unemployment Compensation Fund (formed in 1978). These programs are overseen by governing boards of elected and appointed municipal officials.

This year, more than 81% of program participants received dividends for their effective risk management practices and favorable loss experience. Specifically, the Workers Compensation Fund distributed nearly \$725,000 in dividends, while the Property and Casualty Pool paid out almost \$600,000. In total, over \$1.3 million was returned directly to Maine Municipal Association members.

Since 1997, the association has consistently provided dividends, resulting in over \$29 million returned to participating members. For additional details about the MMA Risk Management Services programs, including online training and other services, you can explore their offerings on their website at [www.memun.org](http://www.memun.org) or call 1-800-590-5583.
