Motion to Adjourn at 7:22 pm

Informational Bulletin:

The Zoning Ordinance Informational hearing is Thursday

Tammy Ramsdell had a statement:

I am stating for the record tonight, a statement of no confidence in the Select Board Chair. I am not calling for a vote of no confidence. For now, it is my statement only. I do not feel that the chair has acted in the best interest of the Town of Limington concerning one department and not having transparency to the remaining members of the Select board concerning this department. Several issues have come to the attention of the board in the past months, only to have them dismissed or ignored by The Select Board Chair. He has attempted to hold sole authority with the dealings of the Public Works Department and until today, we have had no say or input to try to rectify the issues. There are Town ordinances and rules in place to follow that seem to be deemed unnecessary by The Chair. This is his opportunity to correct.

Every section in the Road Commissioner Ordinance states that the Public Works Director answers to the whole Select Board, NOT just ONE member.

I would like to make a motion to hold the PWD responsible to follow all the articles and sections of the ordinance, and report and update only to the whole Select Board on Thursday afternoon, as he plans ahead and discusses all repairs, maintenance and other projects with the Select Board. This includes developing a work schedule detailing the work to be done, a cost estimate for the work, and the location of the work projects, specifically, Article II Section 2, paragraph 5. NOT to be done via email, but before the whole board in person.

In addition, the PW Director will each month, submit a complete and detailed maintenance log on all Town vehicles and equipment used for road maintenance as stated in Article II Section 2 paragraph 13.
